Three Decades of Healthcare Staffing & Recruiting

For 30 years, All Medical Personnel has been the partner of choice for U.S. healthcare organizations and employers seeking clinical and non-clinical human capital solutions.

Our success stems from understanding our partners' strategic, financial, and operational goals, as well as providing exceptional talent and extraordinary service every day.

Our clients include leading multi-national corporations, small and medium sized businesses, start-ups, government entities, and non-profit organizations across a variety of industries.

We bring a unique perspective to the full continuum of care. Our team has the leadership traits necessary to meet the staffing challenges of a changing healthcare market.

#WeHelpYouHelpPeople

Customers | Communities | Co-Workers

Every day, dedicated medical professionals diagnose sickness, cure disease, care for injuries and promote health and wellness. It takes skill. It takes experience. It takes empathy. It takes commitment. It takes courage. And it takes teamwork.

We recognize the work we do is bigger than a job placement. It's impactful. It's important. And it's potentially life changing.

We help our Customers.

We help clients take care of customers and patients, and we help candidates find meaningful work.

We help our Communities.

We help communities by giving back. In fact, our employees have donated over \$235,000 to charity since 2015 including St. Jude, The Dallas Foundation, Alzheimer's Association, Honoring Our Wounded Military, Single Parent Advocate and more.

We help our Co-Workers.

We help our co-workers - both professionally and personally - and value each person's adherence to our core values.

Why Partner With Us?

Full Disclosure

We believe the hallmark of good relationships is integrity. We foster a work ethic of full disclosure.

No Hidden Fees

Our client fees are transparent and forthright. Candidates never pay a fee.

One-Stop-Shop

Not many agencies place both Phlebs and Physicians. We do, and more.

Easy Partnership

We've been in the business of healthcare staffing for 30 years. Those who know us, love us!

Dedicated QA & Compliance

We understand the importance of compliance so we have an in-house team of experts who manage it.

Coverage Near, Far & Wide

We service nationally, but we feel local.

Here's What Others Say

"All Medical Personnel has a great group of Account Managers. They are friendly and helpful. They work hard to fill our needs. We appreciate their timeliness and the fact that they provide all required documents for credentialing at once. The rates are also competitive also. Thanks for all you do!"

**HR Business Partner at an onsite healthcare service
Tulsa, OK**

"Excellent, the service level is far above average, really superb. Recruiters keep my team informed and are quick to respond to request or hiring changes."

**Director Human Resources at a health system
Dallas, TX**

With the help of Robert at All Medical I was able to be placed locally as a locum tenen, where I had opened my own practice in 2015. He was very efficient and kept communication with me on a regular basis.

**"NE"
Practicing Physician**

"My experience thus far with All Medical Personnel has been fantastic. They communicate regularly and effectively. They have been responsible with my time and I sincerely appreciate and recognize the hard work they are doing. They are constantly asking what they can do better and I look forward to continuing the relationship."

**Manager, Talent Acquisition
Arlington, TX**
