Onsite Health Screening

Keeping customers safe and employees healthy at work is of critical importance now more than ever.

All Medical Personnel helps employers staff for health screening anywhere in the United States. Temperature checkers can be utilized to provide primary screening or as a secondary check for facilities with automated screening. Our RNs and LPNs can assist with providing biometric screening and medical care at client on-site clinics.

Whether you're seeking a temporary operation or a national workforce solution, All Medical Personnel offers our onsite health screen staffing from one to 1,000 locations including healthcare facilities, offices, retail stores, restaurant chains, clinics, government buildings, airports, industrial and manufacturing factories and many more.
